BRA Board Room
9th Floor
City Hall
Boston, Ma.

Dear Board Members:

Please record me in opposition to any authorization of the Real Estate Department to obtain appraisals and to commence negotiations concerning the purchase of Block 522, Parcel 3, 640 Tremont Street in Boston.

Such actions and the payment of said services is of no tangible benefit at this time. It is my concern that better planning be the main objective of the Board and, although there is certainly community opposition to the above proposal, that is not my reason for objecting to said actions.

The Board can --- and should --- put any monies proposed for appraisals to better use within the city as a whole.

With best wishes, I am

Sincerely,

JOSEPH M. TIERNEY
President
